

Note from the Principal: Growth at GMS

Over the next month or two, you may see some changes here at the school. As most of you know, we have decided to split our 3 year-old and 4 year-old Pre-K programs for the 2021-2022 school year. This makes room for 24 Pre-K students each day instead of 12. This also means that we need more room.

Another area where we have a need for additional space is in our middle and high school classrooms. At the beginning of this year we split the cafeteria to make so we could reasonably space out the desks for Mr. Magaña's and Mrs. Aycoth's classes. With larger classes coming through our middle and high school, we really can't go back to using the rooms they were in, above the office and the small room in the upstairs hallway.

As a solution to both of these additional space challenges, we were able to find a school that was selling its modular units and have purchased two of them, each containing two classrooms. One will house both of our Pre-K classes, and the other will be used for middle and high school classes. Both of these units are set to arrive during April.

I find it exciting that we are growing and need these additions to our campus. Continue to pray for us as we look to the future with our planning and as we grow.

Duane Miller

Cafeteria Corner

- Menu subject to change at cook's discretion
- Please keep lunch accounts pre-paid

April 12-16

12: Chicken Nuggets
13: Grilled Cheese
14: Pizza
